PROFESSIONAL SUMMARY

Computer Science graduate with hands on experience troubleshooting and deploying cloud hosted applications, Linux environments, networking, and databases. Experienced with AWS, Docker, Git, MySQL, and technical problem solving, backed by eight years of customer facing leadership and operational experience.

EDUCATION

Frostburg State University – *B.S. Computer Science, Major GPA: 3.6*

2025

- Self-financed 100% of tuition and living expenses through independent savings

CERTIFICATIONS

AWS Certified Cloud Practitioner (2026)

Google Career Certificates: Foundations of Cybersecurity - Foundations: Data, Data, Everywhere

TECHNICAL SKILLS

Cloud & Infrastructure: AWS (EC2, S3, ECS, Fargate, VPC, Route 53), Docker, Linux (Ubuntu)

Networking & Security: DNS, VPC Networking, Security Groups, IAM, Least-Privilege Access Control

Languages & Databases: Python, SQL (MySQL, SQLite), HTML/CSS

DevOps & Tools: Git, GitHub, CI/CD, Jira, Agile/Scrum, VS Code, Codex, Excel

PROJECTS

Cloud-Hosted Recreation Management System

- Designed and built a full-stack **LAMP** web application, deploying it on AWS **EC2** using **Docker**.
- Secured the environment by configuring dedicated **IAM** users and least-privilege role permissions.
- Configured **DNS** and domain routing via **Route 53** to connect the live web application.
- Designed a normalized **MySQL** database supporting digital waivers, inventory, and staff management.

Automated Container Deployment Pipeline (AWS & DevOps)

- Built a 3-stage CI/CD pipeline using AWS **CodePipeline** & **CodeBuild** to automatically build and containerize code from GitHub on every push.
- Deployed a serverless application on AWS **ECS Fargate** across multiple **VPC** subnets using **ECR** and **AWS Security Groups**.

LightningBid: Contractor Estimating Platform

- Designed and built a full-stack desktop estimating platform using **React/TypeScript**, **Python**, and **SQLite** to automate contractor estimating workflows.
- Developed a data pipeline that converted plans into automated material calculations and Excel/PDF bid packages.
- Built scheduling, crew management, dashboards, reporting, and editable workflows with autosave to streamline contractor operations.

WORK EXPERIENCE

Paintball Sports Land – *Safety Coordinator*

Sept 2016 – 2025

- Led safety briefings for groups of 10-50 customers while coordinating field operations and ensuring safety compliance.
- Resolved on the spot customer service & operational issues, ensuring compliance and customer satisfaction.

Lowe's Home Improvement – *Back-End Receiver*

Jan 2021 – 2023

- Managed inventory and coordinated product flow, utilizing strong organizational and problem-solving skills.
